

Stolen Honor is blatantly anti-Kerry. It is being shown within 60 days of a general election. It is not only an unethical choice to show it and not air a pro Kerry version but it is ILLEGAL!!!!

Please block the showing of this program.

As you know, corporation funds CAN NOT be used to show Electioneering Communications with 60 days of a general election. I highly doubt that this production is not and has not been solely funded by individuals.

Electioneering Communications are ones that:

- 1) refer to a clearly identified candidate
- 2) are distributed during a certain time period before an election (within 60 days for a general election)

I have heard the clips of this show. They are completely subjective stories. Documentary or not, they should have shown it 61 days before the election or they should feel free to show it after the election.
